

General Standards Training

This training will satisfy the Structural Pest Control Service's requirements for certification of Commercial/Non-commercial and Technician licensing of pesticide applicators (8 hours of training). This is the General training, and not a category training. In addition, while the Texas Department of Agriculture does not require training as a condition of licensure, this class will prepare license applicants for the TDA General examination. Please notify the affected employees within your organization.

Please note: This training can be used to satisfy the 8 hour recertification training requirement for Technicians.
